

SEATTLE CHRISTIAN SCHOOLS

...Equipping students to engage today's ever-changing world

SCS has been a place where my kids have grown in confidence and security in who they are as children of God and it has given them an understanding of living bigger than themselves...to love God and to love people.

~ SCS Parent

Everybody here is really nice, they welcome you, and it's fun to learn more about God every day. All the teachers make learning fun so you want to come back each day.

~ SCS Elementary Student

"...my kids have grown in confidence and security in who they are as children of God..."

As a newer staff member, it has been clear to me how much our teachers care for our students' success, whether taking the time to meet before or after school to help students master concepts, praying over student prayer requests, or debriefing a compelling chapel in class. Our staff really believes that we serve God through being His hands and feet to our students as they grow as learners made in His image.

~ SCS Staff Member

"...we serve God through being His hands and feet to our students..."

The unique student-teacher relationships I've developed while at Seattle Christian have been absolutely key to my success as a student. Every teacher here has an amazing heart for God and an honest desire to help each student achieve their full potential.

~ SCS Senior

My experience at SCS prepared me for the future in so many ways. The training in Biblical knowledge and verse memorization is something that I've always come back to, both in college ministry and my personal life. The teachers not only pushed me to succeed and made my education meaningful, but also encouraged me with prayer. Participating in athletics instilled lifelong values of hard work, being a team player, and being a man of God in all aspects of my life. For all these reasons and more, I am truly grateful for having had the opportunity to be part of the Seattle Christian family.

~ SCS Graduate, Class of '04
